

**Anchor's Point Owners Update: March 6, 2017**

**Units 484 - 532:**

A water leak in a main supply line to the Bridge View building (Units 484 - 532) has been repaired and **Water Service has been Restored.**

Kimberling City Plumbing was able to successfully get to the problem and restore water service.

**The work area on the parking lot is still a hazard and has been marked.**

**Please be safe and careful and avoid the work area.**

Thanks.....
