

Owners Update - Water Tested Safe: May 5, 2021 (2)

Anchor's Point Water Approved and Safe:

..... Water Boil Order Lifted

After initializing our Anchor's Point Water System yesterday and taking water samples from various sample locations throughout Anchor's Point, **the water results came back Approved and Safe.**

The Boil Order is Immediately Lifted!!!

The Anchor's Point Water is Safe!!!

The Boil Order Posters placed on all unit entrances are being removed.

Our thanks to Joe Golding who spearheaded this project and has devoted countless hours overseeing the project. Additionally, our thanks to all of the contractors who completed this project professionally and on time.

The Water System had a very aggressive schedule and it was met.

Parking Lot - Pool Building Access:

Hollister Asphalt has worked a path in and out of the Pool Building.

The path extends from the walkway by the Housekeeping Hut to the Pool Building. You will still need to walk on the ground level depending if parking on the West Side.

Our thanks again to Hollister Asphalt for being flexible and cooperative throughout this project.

Thanks for your continued Cooperation and Support.
